

Change to District Rule 11-12a

Changes listed in bold italics:

Unless advertised otherwise, the accepted deadline for entering a District 19 Heat race will be 9:00 PM **Sunday** preceding the race. ***Entrants in classes that did not qualify will have until 9:00 PM Monday to move only those entries to another class that did qualified for that hull type. Entrants entered in classes that did not qualify also have the option to cancel all their entries prior to the Monday deadline without having to pay; canceling of any entries as a result of this will not change qualified classes.*** All entries received after the **Sunday** deadline will not be accepted and racer will not be allowed to race at that event.

Non Year-end District Meetings process

Reasoning: To document the process that will be followed for those issues that come up during the year that need to be addressed as soon as possible and can't wait until the Year-end Meeting.

1. Members must have 25 days prior notice of meeting to be posted on the district web site.
2. Proposals will be on the district web site 21 days before meeting.
3. Meeting to take place at a District 19 Heat Race, on Saturday after the conclusion of races.
4. Meeting time will be limited to 45 minutes.
5. The District Board will determine which proposals merit voting on at Non Year-end Meetings, all other proposals will be held for the Year-end meeting. Non year-end proposals cannot be for changes to classes or matters that would affect previously earned points (i.e. make something illegal that previously was legal).
